Powerful features

Smarter image management for WordPress

Optimize your media library with intelligent compression, bulk tools, and full control — all inside your WordPress dashboard.

Compress automatically or in bulk

Keep your site fast with automatic optimization or run bulk compression on existing images.

Safeguard your images

Optimize what matters

Track every gain

Convert to next-gen formats

Switch to modern formats like WebP or AVIF to get smaller file sizes and better quality. Keep your site fast and your visuals sharp.
